TO OUR PATRONS

We grow all stock herein offered and feel they are the best varieties for the Northwest in all respects and well worthy the attention of planters. We keep all departments fully up to the times, adding every new variety of merit as soon as we are satisfied of its true value. We have had experience in growing and testing varieties in this locality for the past forty-five years and feel confident that we can give you such stock as will meet with your approval. No pains will be spared to insure satisfaction to those who favor us with their orders.

We sell direct to our customers, we have no agents and pay no commissions, this saves our customers one third to one half and they secure onely fresh stock.

We grow many small items which are not listed, if you fail to find what you have in mind let us know for we undoubtedly will have it.

Pay Our Nursery a Visit.

We have spent the better part of our life in the study of methods and varieties for this locality. Our experience is at the service of our patrons, we realize that they must prosper otherwise we will not, so our sales must bring us other sales to the same customer and to his friends. If it does not we feel we have failed to do our part.

We sell direct to our patrons, we have no agents and pay no commissions.
